

Guidelines for Junior Players in Adult Cricket

Royal Ascot Cricket Club

Selection & Match Play Policy

- Making the step up from junior to open age group cricket is a significant event in any player's cricket experience. We will ensure the player's safety, personal development needs and overall cricket experience are considered
- We will take into account the requirements on age detailed in this guidance.
- Each case is to be determined on an individual basis, depending on the player's ability and stage of cognitive and emotional maturity to take part at this level – however, the minimum age guidance provided below must be adhered to.
- Juniors should be involved in all aspects of the game wherever possible i.e. socialising, team talks, practice, decision making and so on, so they feel part of the team
- Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side, so where possible we will accommodate this. If not then we encourage and welcome their parents/carers to attend the match
- Captains will remember and reiterate to the team that children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else
- We will provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game
- We will be supportive, at all times, for all forms of effort even when children are not successful. We will try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement
- The captain will inform the Umpires of under 18s in the side.
- We recognise the positive experience young players should have in open age cricket and will provide an opportunity for players to show their talents in an appropriate way.

Restrictions

ECB Helmets, Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in Open age group cricket.

Minimum age

Players who are selected in a County U12 squad in spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'district level' for that season are eligible to play Open age cricket.

This is providing they are at least 11 years old, are in School Year 7 on 1st September in the year preceding the season, and have written parental consent to play. In allowing these players to play in open age cricket it is essential clubs and coaches recognise the 'duty of care' obligations they have towards these young players.

This means boys and girls who are county squad and area squad players, are able to play open age group cricket if they are in an U12 age group and are a minimum of 11 years old on 1st September of the year preceding the season.

District and club players who are not in a county or area squad must wait until they reach the U13 age group, be in Year 8 and be 12 years old on 1st September of the preceding year before being able to play in any open age group cricket. As before written parental consent is required for these players.

The duty of care should be interpreted in two ways:

- Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player
- Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players
